INSTITUTE OF MANAGEMENT

Faculty of Security, Logistics and Management — Military University of Technology in Poland

1ST ANNOUNCEMENT — Invitation to the XVI International Scientific Conference

MODERN CONCEPTS AND METHODS OF MANAGEMENT

RESPONSIBLE MANAGEMENT IN THE ERA OF TRANSFORMATION AND DIGITALIZATION

3rd–4th December 2026 • Arche Nałęczów Hotel ul. Spółdzielcza 4B, 24-150 Nałęczów • www.archenaleczow.pl

Contemporary organizations — both businesses and public-sector institutions — operate amid growing regulatory uncertainty, stakeholder pressure, geopolitical instability and rapid digital transformation. In this context, responsible management is emerging as a fundamental pillar of organizational stability, security, and long-term value creation, encompassing prudent financial decision-making, effective risk management, strategic resilience, and a strong culture of accountability and professionalism.

CONFERENCE OBJECTIVE

To exchange knowledge on responsible management, organizational security and resilience — with focus on quality management, finance, risk management, cybersecurity, ESG, logistics and human capital — and to foster dialogue between academia and business/administrative practice, developing recommendations that strengthen organizational security, accountability and resilience.

TARGET AUDIENCE

Researchers and academics; board and supervisory board members; CFOs and controlling specialists; risk, compliance and cybersecurity experts; HR management professionals; and representatives of public administration and supervisory institutions.

THEMATIC TRACKS

- I. Innovation and global challenges in science and practice
- II. Risk management and organizational resilience
- III. Quality management and process improvement
- IV. Cybersecurity and digital transformation
- V. New trends in financial management
- VI. ESG, responsibility and long-term organizational value
- VII. Challenges in organizational logistics
- VIII. Human capital management in the modern organization
